

We'd like to hear about your job search or job experience

We are looking to make it easier for people to find work and stay with a job.

- Have you had an experience looking for suitable work?
- Have you had an experience working through challenges to stay in a job?
- Have you had an experience balancing work with family, culture, and/or finances?

If so, we would love to hear your story.

The Australian Centre for Social Innovation (TACSI) are supporting the Greater Dandenong Regional Employment Taskforce (The Taskforce) to find better ways to support people through their job search efforts and once they are in a job.

What's involved?

It's up to you what you want to share with us, and nothing you say will affect any current services or supports you receive. You can always request us NOT to disclose your real name, location and any other relevant information - or to stop the conversation immediately.

What will you get?

This is an opportunity to shape and influence how government, employers and providers support job seekers. In appreciation of your time, we will provide you with a \$30 shopping voucher.

Why this project?

The Taskforce is working with employers, government, service providers and educators to develop better ways for job seekers, employees, job providers and employers to work together to address the challenges that job seekers and employees face in trying to find work and stay with a job.
